TITLE I
TAXATION AND DIGITAL ECONOMY

CHAPTER 1
**UNITED NATIONS: GLOBAL DIGITAL ECONOMY AND DISRUPTIVE
TECHNOLOGIES TO PREVENT THE TAX FRAUD AND THE TAX
NONCOMPLIANCE**

David Deputy

Executive Summary

The Global Tax Gap and Administrative Cost

Challenges of the Digital Economy

Digitized Fraud

The Challenging Pace of Technology

Today: More Data Faster

Unlocking Value with Machine Learning

Unlocking Trust with Blockchain Technology

Tomorrow: Digital Cooperative Compliance

Incentives for Cooperation

The Future of Money: Central Bank Digital Currencies

Conclusion

CHAPTER 2
**A CRITICAL EXAM OF THE REASONS PUT FORWARD TO SUPPORT NEW
TAX MEASURES FOR OVERCOMING THE CHALLENGES CREATED BY
DIGITALISATION**

João Nogueira IBFD

1.Introduction

2.Scope of this contribution

**3.Justifications put forward to support legislative measures and
initiatives**

3.1.Introduction

3.2.Equality concerns

3.3.Overcoming the constraint created by the physical presence requirement

3.4.Restoring international tax justice by acknowledging the market

*3.5.Reduce jurisdiction-shopping opportunities and profit shifting strategies
by digital business*

4.Conclusions

CHAPTER 3
**TOWARD A GLOBAL CONSENSUS ON THE TAXATION OF THE DIGITAL
ECONOMY, INCLUDED AS ONE OF THE GENERAL BASES OF A GLOBAL**

FRAMEWORK AGREEMENT ON INTERNATIONAL TAX COOPERATION AND GLOBAL TAX GOVERNANCE. RESEARCHING IN GLOBAL POLICY/RULEMAKING (GOING ON UN 2030 AND AAAA AGENDAS)

Eva Andrés Aucejo

I.Precedents on the international global tax agreement for large multilateral enterprises: great challenges of the digital economy taxation in a changing and complex environment marked by “actions I and II” of OECD BEPS plan (g-7; g-20/OCDE and BEPS inclusive framework, agreements)

II.Global models’ proposals on digital economy taxation in the framework of a new Global Tax Agreement on International Tax Cooperation, Trade and International Tax Governance. Research in global policy/rulemaking

2.1.General proposal: towards a global treaty that includes the broad bases of international tax cooperation and global tax governance

2.2.Specific proposal on the challenges of the digital economy taxation: toward a virtual permanent establishment and a global fix tax going on the UN 2030 Agenda and Addis Ababa Action Agenda (AAAA)

III.Causes and issues genesis. State of the art of the international tax order: towards a good global tax governance with special reference to the challenges derived from the taxation of the digital economy. Policy/rule make proposals on global tax governance

3.1.About the shortcomings of the international tax order: standards of policymaking and rule-making on international tax law

3.2.Reluctance of some states to cooperate in tax matters

3.3.Lack of global authority on international taxation and global tax governance

3.4.Expansion of the material scope of international taxation

3.5.The codification and progressive development of public international law

CHAPTER

4

EUROPEAN UNION: THE LAST TRENDS ON TAXATION OF THE DIGITAL ECONOMY AND THE ITALIAN PERSPECTIVE

Alessandro Valente

Introduction

1.Taxation of multinational companies and digitalisation of the economy

2.Digitalisation in the OECD Action Plan

3.The OECD turning point: approval of the Unified Approach and the Blueprint (2020)

4.The Directives proposed by the European Union

5.The Introduction of a Tax on Digital Services in Italy

6.Conclusion

VAT: GLOBAL TRENDS ADAPTING VAT/GST*Jesús Ramos Prieto***1.Introduction. VAT reform and the challenges of the digital economy**

1.1.The new cross-border e-commerce regime as an advanced component of the 2016 VAT Plan

1.2.Reduced rates and electronic publications: Directive (EU) 2018/1713

2.Background on the taxation of e-commerce in the common VAT system (2003-2018)

2.1.Remote background: Treatment of the electronically supplied services between 2003 and 2014

2.1.1.The Directive 2002/38/EC as the first temporary adjustment of VAT for electronic services: review of the location rules and introduction of a special scheme for services provided by non-EU suppliers to final consumers in the EU

2.1.2.Successive extensions of the special treatment of electronic services until the end of 2014: from Directive 2006/58/EC to Directive 2008/8/EC

2.1.3.Exclusion of tangible goods transactions (indirect e-commerce or off-line)

2.2.Immediate background: treatment of electronically supplied services between 2015 and 2018

2.2.1.Extension of the criterion of taxation at destination to intra-EU services electronically supplied to final consumers

2.2.2.Introduction of a second special system for services of EU suppliers to EU final consumers

3.Amendments to the VAT scheme of e-commerce approved in 2017 and 2019

3.1.Scope and context of the reform

3.2.Effective amendments from 2019

3.2.1.Rules for locating of the services supplied electronically to final consumers: introduction of a mixed scheme of taxation at source/destination for EU suppliers

3.2.2.Measures of simplification for taxable persons associated with the special one stop shop scheme of electronic services

3.3.Amendments effective from 1 July 2021

3.3.1.New scheme of intra-Community distance sales of goods

3.3.2.Redefining of the role of intermediaries in e-commerce transactions

3.3.3.More outstanding aspects of the new scheme for the importation of goods for final consumers

3.3.4.Extension of typology of the special scheme of the one stop shop (OSS)

4.Conclusion

ROBOTICS, ARTIFICIAL INTELLIGENCE & BIG DATA SHAPING FAIR TAXATION FOR SUSTAINABILITY IN THE CONTEXT OF DIGITAL ECONOMY

Prof. María Amparo Grau Ruiz

I. Taxation for Sustainability**II. The digitalized economy as a changing context****III. Venues opened through the availability of new means: Robotics, Artificial Intelligence & Big Data**

- 1. The availability of digital tools as a conditioning factor of legal evolution*
- 2. Forecasts of massive use of digital tools by Spanish tax law*
- 3. The necessary linkage between financial and non-financial information for true sustainable development*
- 4. The control of tax incentives for sustainability as a first step*

IV. Final remarks**THE NEW E-COMMERCE VAT IN 2021**

José Miguel Martínez-Carrasco Pignatelli

I. Introduction**II. Community legislation reforming vat on e-commerce****III. Essential changes to vat on e-commerce provided for in directive 2017/2455, applicable on 1 July 2021**

- III.1. General idea*
- III.2. New system for intra-community distance sales of goods*
- III.3. Material and formal tax duties of intermediaries in e-commerce transactions*
 - III.3.1. General idea*
 - III.3.2. Electronic intermediaries in intra-community transactions*
 - III.3.3. Electronic intermediaries in imports of goods*
- III.4. Main elements of the new tax regime for the importation of goods for final consumers*
 - III.4.1. General idea*
 - III.4.2. Removal of the exemption for low-value imports*
 - III.4.3. New special tax arrangements applicable to distance sales of goods imported from third territories or third countries*
 - III.4.4. Creation of the exemption for distance sales of imported goods*

TOWARDS A TAX ON A DIGITAL SERVICES: AN APPROACH FROM SPAIN

Juan José Hinojosa Torralvo

1.Introduction

2.The Spanish *Impuesto sobre Determinados Servicios Digitales* (ISDI) in the international context prior and simultaneous to its establishment

3.Controversial aspects of Spanish taxation

4.Conclusions

5.International references and Spanish bibliography

CHAPTER 9
CHARACTERIZATION AND VALUATION ISSUES IN DATA COLLECTION BUSINESS

Nathan Godts Hassens

Introduction

Features of the digital economy vis-a-vis the international tax law

Conclusion

TITLE II
TRANSFER PRICING IN BEPS: BALANCE, CONCERN AND IMPROVEMENT
GLOBAL PROPOSALS

CHAPTER 1
PILLAR ONE AND TRANSFER PRICING RULES: AN EXPERT CRITICAL ASSESSMENT

Professor William H. Byrnes

Inclusion of Investigation of a Uniform Approach to Withholding Tax

Nexus and Economic Presence

Substitution Of The “Dependent Agent” Term For The “Virtual Agency” Term

Exclusion Of Activities That Does Not Involve Human Intervention (Including Dependent Agents)

Exclusion Of A Server As A Location To Establish PE

The activity test to define the scope of Amount A

The design of a specific Amount A revenue threshold (in addition to a global revenue threshold) to exclude large MNEs that have a *de minimis* amount of foreign source in-scope revenue

The “plus factors”

CHAPTER 2
GLOBAL PERSPECTIVE OF BEPS TRANSFER PRICING RULES IN LATIN

AMERICA – THE INFLUENCE OVER ARGENTINA, CHILE, BRAZIL, PARAGUAY, URUGUAY AND VENEZUELA

Jorge Marcelino y Mario Pires

Introduction

1) *Brazil*

2) *Argentina*

3) *Paraguay*

4) *Uruguay*

5) *Venezuela*

TITLE III

CROSS-BORDER LITIGATION. TAX LITIGATION: SYSTEMS TO SOLVE
CROSS-BORDER CONFLICTS IN TAX MATTER (MAPs & ADR)

CHAPTER

1

EUROPEAN UNION STUDIES ON CROSS-BORDER LITIGATION SYSTEMS IN TAX MATTER

Juan López Rodríguez

1.The purpose and main objectives of the Directive on Tax Dispute Resolution mechanism (DRM)

2.The scope of the Directive

3.First stage of the procedure: submission and acceptance or rejection of a complaint

4.Second stage: Mutual Agreement Procedure

5.Third stage: towards a final decision by recourse to an advisory commission

5.1.Aim, role and creation of the advisory commission

5.2.The members of the advisory commission

5.3.The list of independent persons of standing

5.4.The rules of functioning of the advisory commission

5.5.Information, evidence and hearing

5.6.Costs of the procedure

5.7.Alternative Dispute Resolution Commission

5.8.The final decision

5.9.Interaction with national proceedings

5.9.1.Compatibility with national appeals

5.9.2.Interaction with other mutual agreement procedures

5.9.3.Exclusion of the procedure in case of penalties

5.9.4.Exclusion of the procedure when there is no double taxation

Bibliography

NEW INTERNATIONAL PERSPECTIVES FOR DISPUTE PREVENTION AND RESOLUTION: BEPS, THE DIGITAL ECONOMY DEBATE AND BEYOND

Alessandro Turina

1.Introductory Remarks**2.Perspectives surrounding Pillar One (Addressing the taxation of the digitalised economy on the basis of new profit allocation rule)***2.1.Implementation**2.2.The Connection Between Monitoring, Dispute Prevention and Dispute Resolution**2.3.The Increased Role of Pre-Determinations and Safe Harbours**2.4.Dispute Resolution "ad intra": Resolving possible overlaps of different amounts foreseen by Pillar One***3.Perspectives surrounding Pillar Two (International tax reform proposal based on a global minimum tax approach)****4.Concluding Remarks****TAXPAYERS' RIGHTS IN TRANS-BORDER DISPUTES ON TAX MATTERS**

Katerina Perrou

1.Introduction: a plethora of cross-border dispute resolution mechanisms**2.The rights of the taxpayer in trans-border dispute resolution mechanisms****3.Towards greater protection of taxpayer rights in MAP and arbitration: the case of the EU Dispute Resolution Directive****4.Concluding remarks****THE ROLE OF THE ECJ AS A COURT OF ARBITRATION IN THE INTERNATIONAL TAX ARENA: CONSIDERATIONS ABOUT THE ECJ DECISION IN AUSTRIA V. GERMANY, C-648/15**

M. Cruz Barreiro Carril

I.Introduction**II.The *Austria v Germany* case: first case where the CJEU was called upon to act as an arbitrator in an interstate dispute****III.The CJEU's decision in *Austria v Germany* as regards the conditions laid down in Article 273 TFEU allowing it to act as an arbitrator in interstates disputes**

IV. When a certain dispute can be said to relate to the subject matter of the Treaties? The need for the dispute to have an *objectively identifiable link* with the subject matter of the Treaties

V. Does a dispute over double taxation have an *objectively identifiable link* with the subject matter of the Treaties?

VI. Final considerations
